Foundation Statement

EREA seeks to respond to the needs of young people disenfranchised and disengaged from education through the provision of a safe place that provides an opportunity for them to re-engage in a suitable, flexible learning environment.

Flexible Learning Centres seek to build honest and authentic relationships with young people, their families and communities, through valuing, supporting and celebrating the uniqueness and dignity of each person.

EREA Flexible Learning Centres are guided by the vision of Edmund Rice, and the empowering service of education, so that young people may achieve personal and community liberation through educational experiences that enable transformation.

Background

The Nano Nagle Network is an initiative of Edmund Rice Education Australia. EREA services including Flexible Learning Centres (FLCs), offer a full-time and multiyear secondary education and social inclusion program for young people who have disengaged from mainstream structures. Young people may express a broad range of complex education and social needs and the Nano Nagle Network services respond with a variety of flexible and innovative social inclusion and learning experiences.

Nano Nagle Network services provide young people with a varied and holistic set of learning experiences, supporting them to identify and pursue an individual transition to adulthood, employment, further education and training, and social connectedness.

Indigenous and non-indigenous young people who attend are usually disengaged from mainstream education for a range of reasons that may include those:

- who have had contact with the juvenile justice system;
- in the care of the Office of Children and Families;
- with a history of trauma;
- with a history of extended periods of unexplained absences;
- who are highly mobile;
- with mental illness or at risk of engaging in self-harming behaviours or substance abuse;
- who have been excluded or repeatedly suspended from school;
- who are homeless;
- who are young parents;
- with a generational history of early school leaving; and/ or
- with a generational history of unemployment.

See www.ereafsn.edu.au - Publications for further information.

Principles of Operation

The four principles of operation that all Flexible Learning Centres operate under are Respect, Participation, Safe and Legal and Honesty.

This framework is a significant point of difference from mainstream schooling. The principles establish a “common ground” among staff, young people and families where the means to resolve conflict, negotiate learning, recognise rights and responsibilities are modelled and explored, both within the group and individually.

A primary responsibility for this role is to maintain fidelity to Operation by Principle and the best practice guidelines as articulated in the Youth+ Foundation and FLC Occasional Papers (available on the website at http://mail.ereflc.org.au/docs/occasional_paper_series_booklet.pdf).

EREA Charter and Touchstones

Edmund Rice schools strive to offer a liberating education, based on a gospel spirituality, within an inclusive community committed to justice and solidarity. The Charter describes our distinct identity as Edmund Rice schools and provides a practical expression of this identity. The Charter uses four touchstones to describe the culture of a Catholic school in the Edmund Rice tradition. These touchstones give us ideals authentically linked with the Charism which underpins the ministry in our schools and educational endeavours. They help us set our direction and define our goals as, following Edmund Rice’s vision, we continue to reflect and to seek to make the Gospel a living reality in our communities. The Charter and Touchstones can be accessed from the EREA website: <https://secure.erea.edu.au/Publications/EREA-Charter/docs/EREA-Charter.pdf>
