*I see no value in a centre of learning, which churns out
numberless school leavers each year
and is passively part of a society torn apart
by divisions of race and partisan politics...
Our schools exist to challenge popular beliefs
and dominant cultural values,
to ask the difficult question,
to look at life from the standpoint of the minority,
the victim, the outcast, and the stranger*.*

SCHOOL OVERVIEW INTRODUCTION

Ipswich Flexible Learning Centre (FLC) is a part of Edmund Rice Education Australia and is conducted in accordance with their philosophy and principles. Ipswich FLC commenced operation as a registered Non-State School in Ipswich 2012 and is part of a national association of over 55 mainstream schools and Flexible Learning Centres.

Ipswich FLC is a co-educational Catholic school in the Edmund Rice tradition. The philosophy of the Ipswich FLC draws on the spirit and vision of Edmund Rice Education Australia (EREA). Our learning community has a clear commitment to social justice and stands in solidarity with disenfranchised young people of all social, cultural and religious backgrounds.

The philosophy also has a practical focus, based in the application of four core principles of *Respect, Safe and Legal, Participation* and *Honesty* among all participants of the Ipswich FLC. This is evident in the ways the organisational culture and practices are shaped through the application of these principles. In essence, the principles establish a *common ground* amongst staff, young people and parents. This collective forum offers the means to resolve conflict, negotiate learning, recognise rights, responsibilities and consequences as they are modelled and explored. This occurs both within the group, as individuals and as members of the broader community.

Ipswich FLC works with young people who are vulnerable and experience a complexity of inter-related needs. As discussed above, participation and retention are key elements in the philosophy of Ipswich FLC. The development of moral reasoning through the application of the four principles prepares students for responsible citizenship. The learning experiences also build self-confidence and esteem in young people, promote an optimistic view of their potentialities and future, and assist them to develop the knowledge, skills and attitudes necessary to enjoy a healthy and fulfilling life.

Ipswich FLC offers an inclusive and non-discriminating learning community to young people, who for a variety of reasons, are disenfranchised from mainstream education. Our school supports the Mparntwe Declaration through embedding the goals in our philosophy. As a community we recognise more than 60 000 years of continued continual connection by Aboriginal and Torres Strait Islander peoples as a key part of the nation's history, present and future and pivot our pedagogical practices through this ancient wisdom and ways of learning. Young people are enrolled from a variety of language, cultural and religious backgrounds, with particular sensitivity to Aboriginal and Torres Strait culture.

Ipswich FLC has committed to the two declaration goals:

Goal 1: The Australian education system promotes excellence and equity.

Goal 2: All young Australians become:

- Confident and creative individuals
- Successful lifelong learners
- Active and informed members of the community.

Young people are exposed to learning experiences that develop understanding and appreciation of diverse cultural values that constitute Australian society. Learning is focused on the individual needs of young people and progress is carefully documented and monitored. In conjunction with their teachers, youth workers, wellbeing staff and young people draft learning plans with articulated educational pathways.

FLEXIBLE LEARNING CENTRES (FLCs)

FLCs seek to respond to the needs of young people disenfranchised and disengaged from education. FLCs provides a place and an opportunity to engage in a suitable, flexible learning environment.

FLCs seeks to build honest and authentic relationships with young people, their families and communities, supporting and celebrating the uniqueness and dignity of each person. FLCs are guided by the vision of Edmund Rice about the empowering service of education, to achieve personal and community liberation through educational experiences that enable transformation.

BEST PRACTICE GUIDELINES

Ipswich FLC identifies several best practice guidelines supportive of meaningful socially inclusive educational experiences. While not exhaustive, the following provides a basis for programming and young person support.

Individualised Education Program

Education programs need to be attuned to the individual young person by an assessment of need and delivery within a supportive environment that will re-engage the young person with learning and encourage a sense of community. Personal Learning Plans are developed and negotiated with young people and form an integral part of daily learning programs.

Negotiated and Articulated Goals

Education programs help identify goals and the methods of achieving those goals. Such goals will be tailored to the identified needs of the individual.

Professional and Community Driven

Education programs should be characterised by a high degree of professionalism, and supported by a close relationship with communities in which they are located.

Young Person Support

Young People are encouraged to make a commitment to the program and its principles. Young Person achievement is valued and celebrated with appropriate recognition given to the uniqueness of adolescent development.

Family/Carer Involvement

Families/carers are viewed as partners in their young person's educational experience and building positive family/carers relationships is a priority.

Learning Choices

Diagnostic assessment is important to provide guidance in planning individualised programs. Effective programs will engage young people in learning toward defined literacy and numeracy outcomes and other areas of knowledge relevant to real life situations. Young people experiencing risk will be provided with programs that cater for their spiritual, physical, social, psychological and intellectual development. As well, they will be provided with learning choices both in and beyond the school and with programs that are effectively linked to community agencies and vocational pathways.

Multi-Professional and Multi-Disciplinary Teams

Team members use a multi-disciplinary, multi-professional approach to provide health, educational, cultural, social and emotional support for young people. Multi-professionals are encouraged to develop supportive relationships with young people and assist them with their basic life needs. Multi-professionals are encouraged to develop links with external support agencies (e.g. Child and Youth Mental Health Services, Drug & Alcohol services, accommodation services, counselling services). Staff selection processes identify staff members who are: flexible, able to relate to young people, willing to negotiate, clear about operation by principles, as well as being clear about the responsibilities and the rights of all.

CHARACTERISTICS AS AT AUGUST CENSUS 2021

The total 2022 enrolment of the Ipswich FLC full time equivalent students is shown below.

The Ipswich Flexible Learning Centre young person cohort is comprised of a dynamic and diverse group of young people. We draw from a wide geographical area, across approximately 20 schools which means that most young people have not made connections prior to commencing with us.

At the time of census, we had approximately 30% First Nations young people, most of whom come from outside of the Yaggera, Jagera and Ugarapul nations. We have many young people who are currently in the care of the state or who have or continue to have support from Child and Family Services. Our young people largely fall into the cognitive and social emotional disability categories with most currently or previously accessing mental health support for a wide variety of reasons.

Our families are very supportive of our school, and we frequently welcome grandparents, aunts, uncles, parents, older siblings and significant people into our community to share in the successes and to support young people. Our families are typically urban with many relying on family and disability benefits to support their households. Recent storms and flooding, as well as a boom in the property market has meant that we have several of our young people living in intergenerational family groups. We have a large number of families who have experienced separation and divorce, with many of our young people living with stepfamilies and extended family members.

YOUNG PERSON SUPPORT

Each young person at Ipswich has staff who support them in their health and wellbeing. At the Ipswich site these staff include their classroom teacher for core literacy/numeracy and at least one other significant worker. The role of the team is to establish a close relationship with the young person, to monitor their progress, to advocate on their behalf, to provide advice, direction and support during difficult personal issues, and overall to support the young person to achieve their stated personal and educational goals. The role of staff is broad in scope, in-depth in its substance, and long-term in relationship.

It includes:

- In-house mentoring and advocacy
- Supporting the young person and their families in times of emotional crisis or practical need
- Maintaining the close partnership between school, young person and parent/carer
- Working in partnership with other agencies who are involved with students e.g., CYMHS (Child Youth Mental Health Service), Department of Communities, Child Safety & Disabilities, Youth Justice, Headspace, ICYS (Ipswich Community Youth Service), St Vincent de Paul, The Mercy Centre, Five Bridges, Ipswich Community Justice Group, Kambu Medical Service, Kummara, Goodna Youth Service, Ipswich PCYC, Leichhardt Community Centre, etc.
- Supporting and mentoring young people who live independently.
- Helping students to build capacity and resilience in social and emotional aspects of their lives.
- Helping young people to develop a positive self-concept.
- Supporting young people with issues of drug misuse and self-harm
- Networking with other agencies such as Youth and Family Services to provide specialist assistance e.g., family mediation, counselling, anger management.

The Wellbeing Program is the responsibility of all staff members and is led by the Associate Head of Campus.

In 2022 we trialled implementing a second Associate Head of Campus to further support the strategic planning of the school. The school community found the additional support in leadership to be effective. This model continued in Term 4 when Dave Capra HOC took long service leave and AHOC Trevor Bridge resigned due to distance of travel and family reasons. Peta Freney stepped into the Acting HOC position and Timothy Hill and Kaye Pace stepped into Acting Associate Head of Campus positions with portfolios of Wellbeing and Curriculum / Learning Support respectively.

In 2022 we recruited an Indigenous Community Engagement Officer, Tannille Law-Douglas who began the important work of supporting First Nations Young People, Families and Staff. In 2022 Tannille provided strong leadership across all areas of the school and engage young people and staff alike in a number of key programs and opportunities, including Deadly Choices, Cultural Elective, NAIDOC Day, Reconciliation Week and supported the transition of First Nations young people in and out of Ipswich FLC.

DESCRIPTION OF HOW IPSWICH FLC MANAGES NON-ATTENDANCE

DAILY STUDENT ABSENCE PROCEDURES

1. Presence is recorded as 'P' as appropriate on the electronic attendance data form - TASS Roll marking.
2. Absences are to be recorded using the appropriate code (E.g., REF if a YP is on reflection after an incident the day prior). Ensure that a comment is also written as to the reason for the absence.

Absence Types:
 Illness
 Other Approved
 Other Not Approved
 Reflection
 Training Program Approved
 Unexplained Absence
 Work Experience
 Youth Justice
3. Admin Officer enters any absences they have been made aware of into TASS.
4. Admin Officer sends the Street Data Message to all YP with unexplained absences around 10.30am.
5. If late, YP, on arrival, must sign in at Admin only and reason for late arrival is noted in TASS (Learning Groups remind YP to sign in or communicate via ~~text~~ / email to Admin Officer).
6. If Admin receives info by phone/ text/ etc then Admin records detail **in Absentee Comments box in TASS.**
7. At 2pm the Administration officer is to email all Staff a report (Daily TASS Report) of all YP whose attendance is still unexplained and to give updates on any confirmed absence and reason (Report Run from TASS)
8. After staff debrief: Staff to make calls for unexplained absences or not approved reasons for absence that require pastoral care and support. Information to be recorded in the Student Notes Section on TASS Kiosk. Select the most appropriate drop-down code from the information you have. Email then to be sent to Admin Officer and HOC:
 - To inform Admin/HOC to add detail to the **Absentee Comments Box** and Admin will change attendance / absence codes if appropriate.

At the end of the week:

9. On Thursday at 2pm the HOC/Admin is to run a preliminary report email it to all staff of any outstanding unexplained absences for Friday the week prior to Thursday of current week. At Thursday debrief staff are to work on a plan to support these YP and arrange home visits for those necessary.
10. On Friday morning at 11.00am HOC must run a weekly report of **attendance data and TASS notes** these need to be emailed to all staff and the Principal to ensure transparency and all staff knowing each YP story and their needs.
11. Additional Report to be run at close of business on Friday recording TASS attendance data from Monday to Friday of that week and saved into a secure file storage location.

Procedural Processes to follow an extended or growing absence.

- For illness, request parent to obtain a medical certificate after 5 days. Must have Certificate on file.
- Contact expectations: Know what's going on with VP in your learning group, beyond the automatic Street data texts.
- 2 or more days absent with no contact/message, Learning Teams must call and log in TASS Student Notes.
- Call again or email every second day and log in TASS. If YP/Parent/s are uncontactable within 1 week.
- Staff who conduct the home visit must write reasons for absence in TASS, how you tried to develop a plan on for YP re-entry to Flexi, how you supported them with their learning. Questions need to explore why an explained absence must be beyond the YP/Parent/Carer control - E.g. What are the underlying reasons they stayed up all night?
- If no one home, try "postcard" contact in the letterbox, under the door.
- If no contact after 3 weeks HOC and Learning Group to discuss scenario to determine timing for transition.

CURRICULUM - LEARNING CHOICES PROGRAM

The Ipswich Flexible Learning Centre provides holistic learning experiences that address the social needs of students, and promotes their emotional, physical, spiritual and academic development. The purpose of the learning experiences is to empower young people to take personal responsibility for their actions and learning, achieve greater autonomy and self-reliance and to engage in the transition to further education and/or employment.

Learning experiences address curriculum areas of literacy, numeracy, study of society and environment, vocational training, information technology, music and technology, outdoor education, Indigenous education, relational and spiritual education and science.

Subjects offered at various year levels include:

Subjects Offered - Year Level	Core	Elective
Year 7 – 9	National Curriculum	Various
Year 9 – 10*	National Curriculum *Cert 1 Sport and Rec *Cert 1 Vocational Pathways	Various

Subjects Offered - Year Level	Certificate Courses
Year 11 – 12	<ul style="list-style-type: none"> • Certificate I and II in Functional Literacy • Independent Living Skills • Cert II Logistics • Cert II Health Support Services • Cert 1 Construction • Short Course Literacy and Short Course Numeracy • Applied Courses in Social and Community Studies and Media Arts in Practise • Micro-credentials

A short course in *Independent Living Skills* is also offered.

All electives were offered to all young people irrespective of age or ability. Young people were offered various outings and excursions to enhance classroom skills, team building and social and communication skills.

The electives were chosen to enhance;

- Communication and participation skills and to support young people with social and emotional issues and to provide lifelong strategies to utilise in their future career paths.
- The young people's life experiences by offering opportunities where due to the individual's personal situation, they may not be normally available to them.
- Electives focus on National Curriculum General Capabilities with an emphasis on Personal and Social Capabilities

By offering these types of unique experiences, the young people develop a “fun in learning” attitude and thus changing attitudes to formal education.

The Ipswich Flexi Centre has a keen interest in offering Young People camp/expedition experiences. Following a difficult two years due to Covid restrictions, in 2022 our staff and young people were able to engage in several meaningful adventure-based learning and camps experiences throughout the year. This included cultural and art camps to Minjerribah (Stradbroke Island), learning group camps to the Deer Reserve, Kilcoy, a number of overnight and day trips to The Outlook at Boonah and a Transitions Camps to Minjerribah. In 2022 we were unable to offer a Carnarvon Gorge Outback Odyssey / cultural experience but are planning to in 2023.

Learning Support was given to young people completing Certificate courses through School, TAFE, RTOs and employment agencies. Young people can gain work experience, traineeships and school-based apprenticeships through our partnership with Apprenticeship Qld.

Additional learning support is provided to young people through the IFLC Reading Program which targets young people whose reading age is significantly lower than their biological age. Staff were further trained in SoundWrite to provide support for young people to increase their literacy skills, particularly within the junior campus.

Young People continued to achieve greater autonomy and self-reliance and to engage in the transition to further education and/or employment.

2022 MILESTONES

2022 was another year of growth and development for the staff and young people at the center. A key focus was transitioning from Australian Core Skills Framework to National Curriculum. This

Key milestones were:

- Strategix Certificate II completion rate
- Staff presenting at, and, attending Xavier Network Growing and Nurturing Flexi Practise Conference
- Implementation of a revised New Staff Induction program
- Cert I Construction
- Cert II Automotive Engineering
- Music program implementation
- Traction Program initiated and completed successfully by 6 young people.
- NAIDOC Day Celebrations
- Continued implementation of Reboot Wellbeing Framework
- Development of a Reconciliation Action Plan committee and work commenced in this area.
- Work Experience programs for young people in Year 10 – 12
- Consolidation of Transitions Officer Role and subsequent programs
- Whole School Formal
- Wellbeing Room and resourcing
- Increased connection to community and agencies
- Progression of Master Planning
- PDF Training for 4 staff
- CPS training for all staff
- Supervision of Youth Workers
- School wide teaching and learning framework planning.
- Quality pathways for senior students in further study, work and work preparation

2022 was a year of growth for the school as we continued to invest time and energy in moving the school towards teaching of National Curriculum with particular emphasis on embedding First Nations perspective in teaching and learning experiences.

In 2022 we also trialed a Junior Learning Hub which was a larger group of students lead by one teacher and two youth workers. The outcome was overwhelmingly positive with the concept being planned to be expanded across the school in 2023.

For several valid reasons, 2022 saw change in staffing with some longer-term staff members moving on to other challenges and new staff joining the school community. This change brought both energy and fresh ideas as well as a transition period for the school as we welcome, trained and supported new staff into our flexi community.

The school has been through a period of transition as we embrace new ways of operating and more rigorous teaching and learning program, whilst retaining the essence of our school community and flexible learning practice. As a core staff group and many returning long term students, we are hope-filled and excited about the school year ahead.
